

ABOUT US

# Story and Values

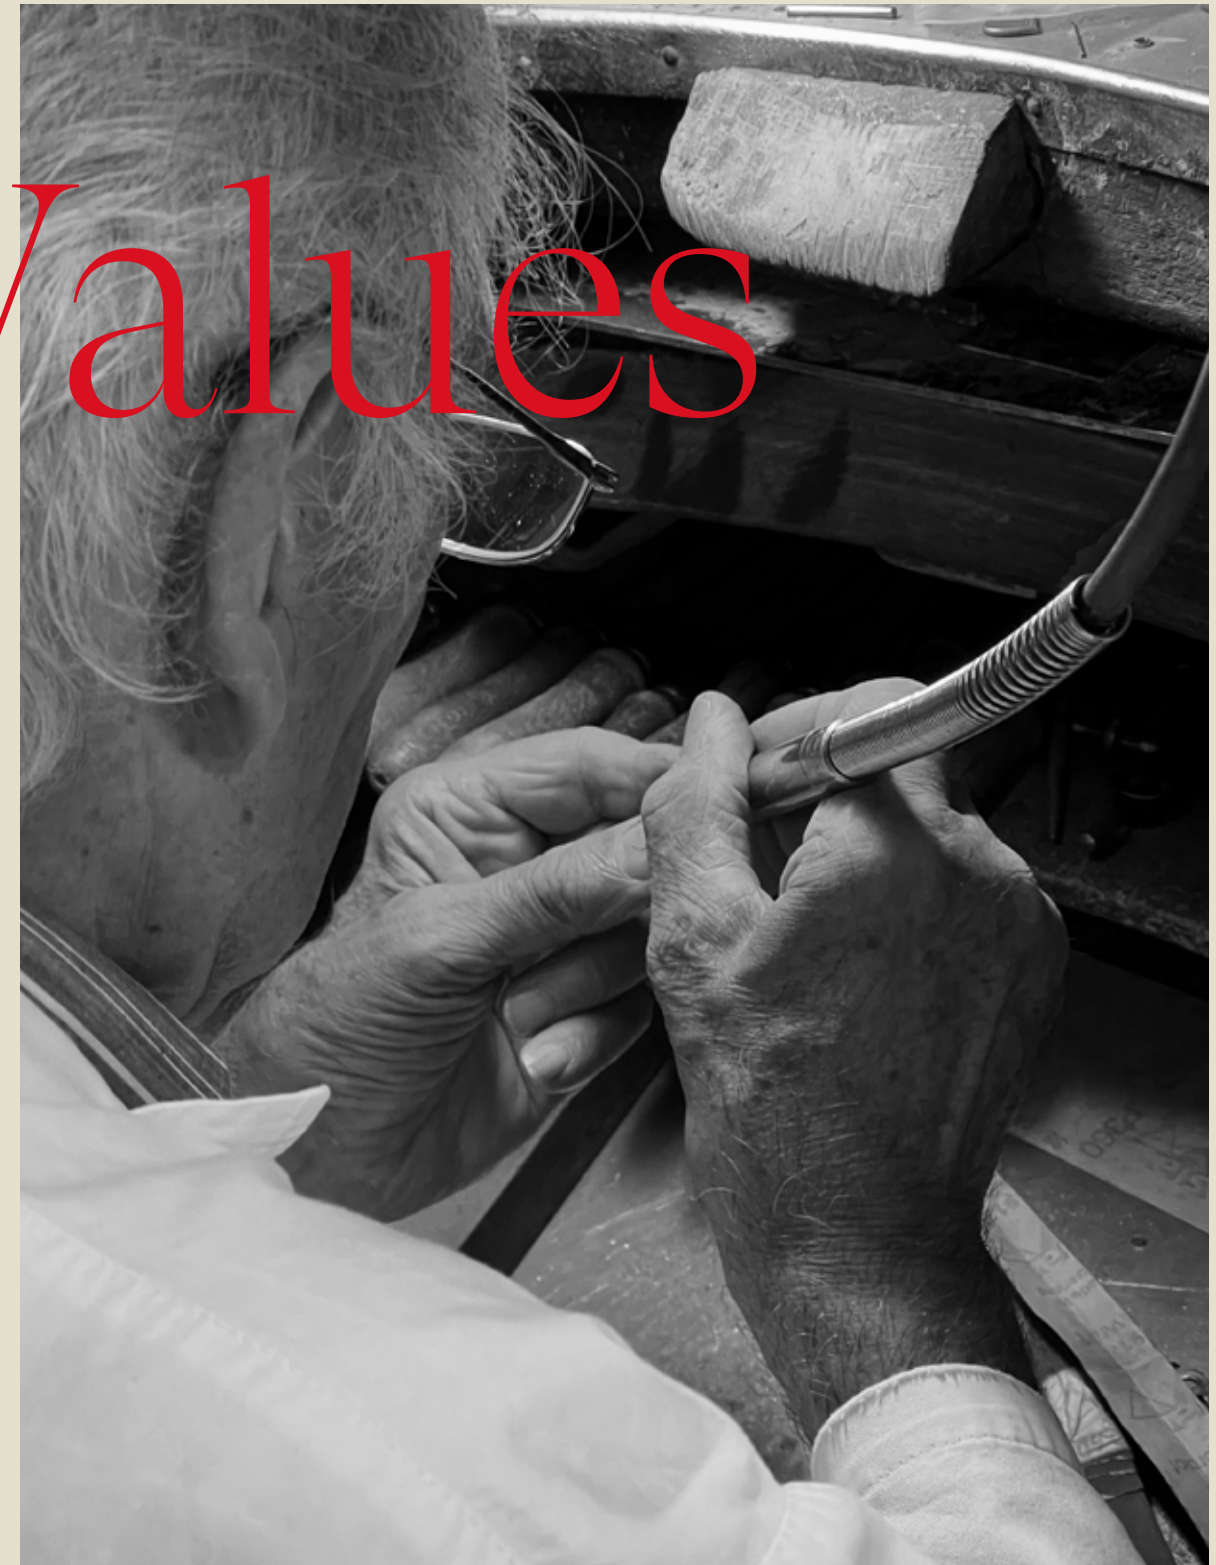

Aldina was born with the idea of evoking and sparking curiosity.

The inspirations for Aldina's creations originate in art, nature, and history, driven by the desire of merging classic beauty with contemporary design, creating unique and timeless pieces.

Aldina's ambition is to place the very meaning of the jewel at the center, making every moment special for those who wear its precious creations.

To do this, it is necessary to rely on skilled hands, capable of molding feelings into gold and making every piece masterful.

Italian goldsmith art and the Master goldsmiths of Valenza (Piedmont, Italy) are the firmament of global jewelry. Hosting the most comprehensive know-how, Valenza is where Aldina is fortunate to take shape.

MYTHOS TREASURES

# Athena PalmCuff

Engaging in thorough research across human history and remote corners of the world, Aldina delves into diverse ethnic values to craft unique jewels.

Centuries ago, in ancient Greece, Goddesses and Amazons adorned a remarkable jewel symbolizing wisdom and elegance: the palmcuff.

Derived from Goddess Athena's shield handle, historical references reveal its global prevalence. Lost to history, Aldina reintroduces it in a modern, ergonomic form, resurrecting this ancient feminine symbol of empowerment and sophistication.
